

March-April Newsletter from Misa Hiorescu, 2017 Pelinei, Moldova

Lord's peace, dear brothers!

We want to thank you for the prayers you raise for our church and family.

We want to share with you about some events we had in our church.

At the end of March, we gathered all the physically-disabled people from the whole village and we had a Bible message for them and then a warm meal. About 60 people came to this meeting – this was over our expectations. Pray that each person who heard God's Word during that event would answer His calling.

During the same period, we visited the nursing home from our village. We shared God's Word with them and had wonderful fellowship – the elderly people there asked questions and we sang together.

Please, pray for those helpless elderly people that God would enlighten them to understand His Word.

Prayer requests:

- Pray for each person who comes to our church meetings, that God would search their souls.
- Pray for the elderly and physically-disabled people from our village who have come to our church.
- Pray for the elderly and physically-disabled people from our nursing home.
- For God to bring more workers into His vineyard.
