

## January Newsletter from Misa Hiorescu, 2018 Pelinei, Moldova

Lord's peace, dear brothers!

We're writing to you with great pleasure about these things, to let you know how everything is going on. It's already the winter holiday and our girls have come home and we're happy to be all together. Thank you for praying for my family and for supporting us.

About the ministry we do we want to thank God for everything, because He deserves all the praise. We already have meetings in **Ursoaia** and every Sunday we're happy that there are people on all the seats. People are curious to see what goes on in this new building. And when they come they always say how much they like the atmosphere and they say that they'll be back.

On the 25<sup>th</sup> December in the Christmas morning I was surprised to see all the kindergarten teachers in our Church buildings.

This week we called all the children from school with their teachers to a Christmas program with the youth group. Then we gave them the presents. Everyone said that they were very happy that we invited them to Church.

About the Church in **Pelinei**, there is a brother who helps us and on the 10<sup>th</sup> December, we had a baptism meeting where 3 people got baptized. We thank the Lord for the ministry He does. We thank you again for everything you do for us and for our village and we believe that you'll come to visit us again.

We'd like to give our greetings to all the brothers who visited us in September and to your whole Church.

### Prayer requests:

1. For village Ursoaia - that they would answer God's calling.
2. That the Church would be a light in this village.
3. For being able to start a Day Care Centre in this village too.
4. That each person coming into the Church would become believers and would stay believers.
