DECEMBER 2025 | URSOAIA, MOLDOVA

Greetings

Lord's peace, dear brothers and sisters! Time flies fast, but I want to thank you, first of all, for praying for us and our church and for supporting us in everything we do. We are grateful to God for keeping us healthy! At church, we continue to meet every week. We are grateful to God that Daniel, our son, is also involved in the ministry - he plays the guitar, and he often has an encouragement from the Lord for us. Please pray for him that God would give him more boldness!

Summer Activities

Last summer we had a day camp for children. It was a week full of blessings and emotions! The children enjoyed it a lot. They had different kinds of activities - games, Bible lessons, drawings, etc. In one of these activities, the children were able to discover their talents - songs, telling poems/Bible verses. On the last day of camp, we invited the parents as well and made a summary of everything their children had learnt. I asked them how their children felt every day after the camp. They told us that they were excited and happy, and grateful for all those blessed days their children had. The children were active, and we were happy that they were able to answer all the questions. Almost all the local children came to the day camp, so we had about sixty children. We're grateful to God for protecting us from accidents and for giving us the resources we needed to organise it. Bless you in everything you do!

Other Activities

One Sunday, our whole church went to visit the church in Pelinei. We were happy to be together, we prayed for each other and had a lovely time together. We have a young woman who helps us with children's ministry. She loves the Lord and wants to get baptised, but her parents don't allow her to do it. Please pray for Valerica that the Lord would work in their heart and they would agree with her decision.

Prayer Requests

- Please pray for our village that the Lord would bring spiritual awakening.
- Please pray for Daniel that the Lord would give him more boldness in the ministry.
- Please pray for the Day Care Centre that as many children as possible would get to know God personally.
- Please pray for Valerica that her parents would support her in her decision.
- Please pray for our families that the Lord would keep us strong on His path.

Thank you for everything you do for us and our church. May God bless you in everything you do!

From,

Mihail & Ina Hiorescu
